Budget Question
Left Unanswered

With only one and a half quarters remaining in the 1973-74 school year, a budget for Stark Campus organizations has yet to be determined, not even a tentative budget. Last year's budget had been determined before the end of Fall quarter. Reportedly, no one is suffering from lack of money. Clubs and organizations were instructed earlier by Director Morehart to operate on the assumption that the money will be available.

SC Graduation Plans
Are Underway for June

(First of a two-part series)

They said it couldn’t be done! But if everything goes smoothly, the Stark Campus will hold its first graduation ceremony in June.

With the passage of the Associate in Arts degree by the Board of Regents in November, it was clear for implementation of such a graduation program.

The degree will be given to students who have: ACHIEVED a 2.0 cumulative grade point average at the time of graduation. COMPLETED at least 30 of the final 36 hours of credit at the Stark campus or any other Kent State branch.

APPLIED by April 1. The application may be made by any quarter a student is enrolled. Graduation ceremonies will be held only in June each year.

Any students attending the campus and who meet the requirements and those who have attended the campus since its conception in 1946 and who meet the requirements will be eligible for the spring commencement.

An Associate in Arts Degree will not precede work toward a bachelor’s degree.

To receive the degree, the student must meet the following requirements: 9 hours of English, 15 hours of humanities, 15 hours of social and behavioral sciences and 15 hours in natural sciences and/or mathematics. The remaining hours are electives.

For further information about the degree program, call 576-9600, ext. 219 or get in touch with the Student Affairs office, room 103, Social Sciences and Humanities Center.

Campus Jobs
Possible

Kent State University, Stark Campus, has in the past had the policy to employ campus students with campus through the Student Employment Corps. Currently 35 students are employed.

The number of applicants has always greatly exceeded the number of jobs available on KSUSC’s budget. But the opportunity to compete for the positions is open and students are invited to fill out job forms for possible work.

Contact Linda Harsh in room 103 of the Social Sciences and Humanities Center for further information.

Gas Is A Bargain?!

by Izrael Shenker

NEW YORK — Outraged consumers, outraged by the escalating price of a gallon of gasoline, dredging the day when 128 ounces of petrol may cost $1, consider the prices of some other gallons.

Swallow milk at $1.65 a gallon, orange juice at $1.30. Intoxicate the senses with beer at $2.50 and egg creams at $3. Sweeten with Sweetea at $7.50 a gallon. Sweeten the breath with Binaca drops, 49¢ the gallon. Perk up the taste with Perx at $2.16 a gallon, another the pancake with syrup at $4 a gallon, douse the tomato with mayonannaise at $1.00 or vinegar at $2.90. Calm passions with Campbell’s broth $2.90 a gallon. Sooth ills with Manischewitz chicken soup $.75 a gallon unoodled. Improve borscht ($2.35 a gallon) with sour cream at $7.

Letters from Readers

You are encouraged to write on any university-related subject. The paper should be a forum for your views. Letters cannot be more than 200 words and may be condensed by Montage. All must be signed. Names will be withheld. Please add your telephone number to letter. Send to room 15, FFAC.

Letters to the Editor

By Harry Shaw

Assistant Professor of Music

Better uptown, please!

The HPE Electric Chair? One of two hair dryers in the HPE building was moved to the boy’s locker room. Men use the facilities to their advantage for quick drying and styling. The dryers were part of HPE during its construction.
Lyke Obtains Crusader Post

Jerry Lyke, Instructor of HPE, is leaving KSUSC to become Sales Manager for the Cleveland Crusaders hockey team.

Lyke, a Canton native, attended Lincoln High School. He received his Bachelor of Science and Master’s degree in education from Bowling Green University.

Pat Quinn

HPE Attains And Forfeits

That’s right. Jerry Lyke is leaving his post at Kent Stark to become part of the famed Nick Mixturi northeastern Ohio sport’s empire. (You know Nick. He’s the guy that owns all the entertainment facilities in Cleveland, except for the Browns and the Cleveland Zoo.)

Jerry Lyke will be missed. He has done a tremendous job with the baseball program. Look at his record: 52 wins, 19 losses and a tie! And believe me, this is no pushover schedule. Lyke is especially proud of the toughness of the schedule.

Lyke pointed out how far the team has come since its beginning when it was playing its games on the Canton Jewish Center field. The Cobra’s are now playing on their own field (with a grass infield), have protective hitting fences and indoor batting facilities (which the team made from a used parachute).

Lyke speaks of the team with admiration; how they have to drive from game to game in their personal cars, how they’ve helped build their own facilities not to mention the record they’ve posted.

His only regret is that there simply isn’t enough money in the budget to treat the players in the manner they deserve.

One of the hopes expressed by Lyke is that a proposal for a Stark County College Baseball Tournament is realized. This would match the Cobras against Walsh, Malone and Mt. Union.

Jerry Lyke is a first class individual and it seems only fitting that he would wind up in a first-class operation such as Mixturi’s.

Don’t just be looked at, be looked up to.

After a young woman enrols in Air Force ROTC, she’s eligible to compete for an Air Force scholarship that includes free tuition, lab and incidental fees, and reimbursement for textbooks for her last 3 years.

In addition, in her junior and senior years, a tax-free monthly allowance of $100 is paid to both scholarship and non-scholarship cadets alike.

When she gets her degree, the career as an Air Force officer awaits her—career that matches her abilities to a job with rewarding challenges. A career with benefits like 30 days’ paid vacation, free dental and medical care, frequent promotion, good pay, travel, and a great retirement package.

Interested? Contact: Kent State University 672-2182.

And remember, in the Air Force, you’ll be looked up to as well as at.

Lyke's year at KSUSC was one of many assistant coaching opportunities. He had a record of 16-1 and 11-5. His 1970-71 team was the State Regional Champion.

But probably Lyke’s greatest achievement is his building of the baseball program. In his four years as head baseball coach, he had a record of 52 wins, 19 losses and 1 tie. Last year was his most successful season as the team posted a 30-3 mark.

In reference to the baseball program Lyke explained, “It’s only a question of which direction the program will go. We have a great schedule and plenty of interest, now all we need is funds.”

He cited the fact that the Cobra’s schedule is the toughest of any branch campus in Ohio. Some of the schools scheduled have enrollments of 10,000 as compared to Stark’s 2,000.

“I’m leaving Kent Stark with mixed emotions,” he said. "The branch has tremendous potential, but I'm sure that the program will benefit me professionally. This is any coach’s dream, to be involved with the professionals."

The new post will put Lyke basically in the front office. Although he is not positive of his immediate duties, he believes much of initial time will be directed at sales for the Crusader’s new Coliseum now under construction in Richfield Township.

Lyke and his wife Marilyn live at 2316 Sth Street. They have two children, Trevor and Heather.

Robert Kistler shows a part of the HPE Book donations.

The picture above is part of the collection of books and magazines donated to Robert Kistler and the HPE Department by Dr. Frank Ballenger, Emeritus Professor of Health and Physical Education at Kent State University.

Kistler gave some background for the reason of Dr. Ballenger’s donation of the books. In the early days of Kent Stark, Kistler found himself in need of a part-time instructor. Although Dr. Ballenger had been retired for several years from Kent State University, he accepted Kistler’s offer to come to the Stark campus. While living here he made an initial donation of 50 hardbound books.

The current donation by Dr. Ballenger includes approximately 300 hard-bound books and magazines. Also in the assortment is a complete collection of The Athletic Journal and books dating back to 1909. Dr. Ballenger made the latest contribution after deciding to move to a warmer climate.

Kistler stated that the books enrich the HPE program. He said the HPER Club and the HPE majors use the books constantly for research.
