Bus service will be available to the KSUSRC students next fall quarter. This was announced at the March 25 Senate meeting by Student body vice-president Mike Panasiti.

As a result of a survey completed by Student Government, the Regional Transit Authority will be running buses from Canton to the regional campus. The service will also, it is hoped, include trips from the regional campus to the main campus.

No definite knowledge is available, at this time, about the course the buses will take, but speculation is that the buses will run from Canton and Massillon, and also North Canton, as well as Perry and Jackson Townships.

Prices not set.

There also has been no indication of the prices the students would have to pay for the bus service. The survey, completed by 596 students, indicated that the majority of them would consider 40¢ to be an appropriate fee.

As stated before, the Regional Transit Authority has given no indication as to whether they would accept this amount.

Girl cagers look to 73 season

Despite a schedule that pitted them against five four year colleges in eight outings, the 1972 edition of the Kent Stark women’s basketball squad finished with a 5-3 mark and hopes of an even more successful 1973.

Six of the Cobra belles will return to the Stark scene next Winter and they are the reason for coach Jean Metzler’s optimism.

“They are definitely the most dedicated and aggressive team I’ve coached,” said the mentor. “We’re looking forward to next season.”

Cobra golf slate underway today

With only four returnees on the scene, golf mentor Tom Eibel sees steady improvement as the key to this seasons success.

“None of the returning guys have ever played first or second man. So we’ll have to improve as we go along,” said the third year links boss.

Heading the returnees is Bruce Wilson, who saw some action as third man last season. Also returning are Ty Hurlas, Bill Keegan and John Slicker.

Newcomers include Dave McDermott, Dave Newkirk, Fred Niewierski and Danny Ross.

Eibel hopes to improve on last season’s 7-4 slate and the fourth place state tournament. He will get his first shot at that goal today at 12:30 against Walsh and Lakeland Community College at Edgewood.

Sue Mani led the scoring brigade with an 11.5 average game and a high game of 18. Metzler pointed out that a strong starting cast and an aggressive bench also lent to the season’s success.

Intramural finances discussed

Intramural finances were the main issue at the Intramural and Athletic committee meeting held March 20.

Mike Panasiti, representing the intramural board, attended the meeting to find out why intramural funds had been spent without the board’s knowledge.

“The problem existed in the fact that the financial status of the board was not effectively conveyed to us by the athletic director,” Panasiti said. “When we received the financial budget report, we didn’t know where our money went. We didn’t know anything about a previous deficit and money was still being spent without our knowledge.”

Bob Kistler, chairman of the Intramural and Finance committee gave his explanation of the channeling of the money: “Over $300 of the money was spent before the board was ever formed. There was a deficit from the previous year of about $50. Any other monies spent other than this will be replaced by the athletic contingency fund.”

Among the items and events paid for before the creation of the Intramural board were the Registration Open golf tournament held last September, the January archery tournament, golf balls, trophies, equipment cleaner, footspray, and the rental of Central Catholic Stadium for lst spring’s campus intramural football game.

Dr. Robert Rhodes, co-ordinator of the run and former Boston Marathon performer, expects about 200 participants compared to last year’s 101 entries. A twenty dollar entrance fee is required from the men and women of all ages who will participate.

The oldest runner in the 1972 event will be Tom Roberts, 69, and the youngest is four year old Ted Rhodes. All runners will receive ribbons with trophies awarded to the first three runners in each age category (men and women). Special awards will also be given.

Eibel to move on to Jackson post

Tom Eibel, basketball and golf mentor at the Stark Regional Campus for the past three seasons, landed the position of athletic director at Jackson High School last Thursday.

The position, which was opened in early February, will include the posts of head basketball coach, physical education coordinator, intramural coordinator and recreation coordinator.

“I’ve enjoyed my three years here,” Eibel said Friday. “I enjoy winning (He was 40-12 in three seasons as cage coach)) and we’ve won two league championships. I’ve also enjoyed the teams I’ve had to work with especially this year’s team.”

Eibel’s contract with Jackson will begin August 1, 1972.
