It's your RIGHT!

If you want to be a piano mover, that's your right. If you'd rather play it instead, that's your right too. Here in America you are free to choose the kind of job you want and the city you want to work in. And if you can do a better job than the next fellow — you're free to go on up the ladder. It's one of your rights that is guaranteed under the American system.

That's not true everywhere in the world. In some countries, everyone is told what job to do, told where to work, told how much he can make — by the government. Even in America, some people are trying to whittle down this right — trying to make your decisions for you.

Don't let them do it. You can stop them by standing up for your rights — whenever and wherever someone tries to take them from you.

At Timken, a man can go as far up the ladder as his ability and ambition will take him. And we give him a boost with special training programs. We want to preserve and advance the rights of the free American working man.
