CREATIVE ACTIVITIES ALLOCATIONS REACH FINAL STAGES

Hardest hit will be creative activities, receiving a 60 per cent decrease from last year's total allocations. Creative activities include Montage, Forensics, University Theatre, Vocal Music, Deja Vu and The Set. Last year's total amounted to $12,634.74, while this year's total is $5,377. Montage and University Theatre are the two groups most affected by the cuts.

The final budget for each of the clubs has not yet been decided. The clubs are facing a 50 per cent decrease in funds as compared to last year's total of $12,634.74. This amount will be divided among nine organizations which have already turned in their requests. The clubs and their requests are as follows:

- American Indian Interest Group
  - Allocation: $2,065
- All Americans
  - Allocation: $700
- Aviation Club
  - Allocation: $1,800
- Black Student Union
  - Allocation: $3,000
- HPER Club
  - Allocation: $25
- Political Science Forum
  - Allocation: $1,500
- Student Activities Council
  - Allocation: $5,290
- Sailing Club
  - Allocation: $450
- Student Government
  - Allocation: $1,741.61

These requests total $16,571.61, while the budget committee is being supplied with only $6,339 to divide among the clubs.

HPER is the least affected by this year's budget. They will be receiving $6,792, a 29 per cent drop from last year's total of $7,960.

Faculty Council investigates Kent abatement policy

The present abatement - transient policy and ways to alleviate the problem are being studied by the SRC faculty senate. The senate appointed a steering committee to investigate the policy. Members include Chairman Fred Worrell, Clyde Smith, Gaylord Shaw, John Carson and Terry Ford.

Points to be studied are current abatement policies, data on students who have received abatements and the Ohio Board of Regents' master plan for higher education.

The senate hopes to discover what other universities are doing with their transient students and what has happened to SRC students denied abatements and transiency in the past.

The faculty senate's aim is to produce constructive suggestions concerning the abatement-transient policy.

Montage\textsuperscript{1}

A bill to obtain new Foo Ball Table for the boiler room was discussed. A vote will be taken on this matter after more research is done.

The Student Services Committee will investigate the feasibility of purchasing a battery and battery charger and will find out if the maintenance crew can take charge of it.

Cobra-Dressier project delayed until spring

Work on the Cobra-Dressier Roads intersection project has been delayed again as poor weather conditions have thrown a wrench into the wheels of progress. Weather delays have occurred every year since the project began.

Dressler Road has been covered with an oil treatment and a chip and seal base has been laid, but work has been halted until spring or until favorable weather conditions occur, according to William McCullough of the Stark County Engineering Dept. Before the inclement weather set in, the large hill north of Cobra Road, long a traffic menace, was leveled, McCullough said.

The Cobra Road project itself is being handled by James Williams, Inc., the firm handling the SRC FPA Center project. The firm has laid the base for the road but cannot continue until the ground is sufficiently solid to hold the heavy equipment, according to Dale A. Wearstler, SRC assistant director for business affairs. The company will inspect the project this spring and continue work if needed.

The Stark County Engineering Dept. and SRC officials have been working together on the project for some time. Stark County Engineer Joseph Sturrett was in contact with SRC Director Jack D. Morehart last week to iron out further details concerning the project. As of press time, the area is a "mess," Wearstler said.

Work was begun on the project last summer, but delays set the schedule back. The most recent delay occurred in late October when a water line was discovered on the northwest side of Dressler Road under the Cobra Road entrance.

---

\textsuperscript{1} The Coobra-Roads intersection project has been experiencing delays due to poor weather conditions. The project, which includes the Cobra-Dressier intersection, has been covered with an oil treatment and a chip and seal base has been laid. However, work has been halted until spring or until favorable weather conditions occur. The project is being handled by James Williams, Inc., and the firm is waiting for the ground to be sufficiently solid to proceed with the heavy equipment.

---

Above is a photographer's view of the Cobra-Dressier Road intersection, now a boulevard. Weather conditions have hindered work at the site and the project may not be completed until spring. (Photo by Lotte)
SAC is the students’ organization. We cannot make any decisions for the student body on the assumption that their silence is support. We are appealing to you in every way possible. We can be anything that you make of us. We ask for your approval or disapproval.

We plan to make our budget available to the students’ preferences. The main speaker and movies are tentative. We want student approval. This is to your advantage; the money will be spent on things of interest to the majority.

Sincerely,
Colleen Corrigan

To the editor:

In the future Student Affairs Council (SAC) has plans for a massive attack against apathy. We have appealed to the students for their participation and have obtained money for the majority in all of the matters here (with how the allocations are spent).

Christmas Concert puts glitter on activities

SDC
Student Development Center (SDC) winter quarter course offerings have been announced.

These language courses focusing on reading, composition, and study skills will be taught by English instructors Terry Ford, Maryann Schaab and John Carson.

A personal development seminar will be conducted by Dr. Glenda Elliott, assistant professor of psychology.

Dr. Richard Little, assistant professor of mathematics, is scheduled to teach Developmental Math I, an introduction to algebra.

Instructors have not been announced for Developmental Math II, an introduction to trigonometry, or the introductory science course.

SDC non-credit courses are free and open to any KSU student.

Dr. James P. Connor, SDC coordinator, recommends that interested students inquire in the Office of Student Affairs, room 103.

BSU Meeting
Black Student Union (BSU)

is trying to raise enough student interest to offer a black culture course here winter quarter.

The course would be the first in a sequence of three. The lower division three-hour course would be offered in the evening.

BSU is also planning to sponsor a second dance over the Christmas holiday.

BSU is considering intergroup tutoring and a book barter.

Pol-Sci Forum

Officers were elected at the Nov. 30 meeting of Political Science Forum.

Re-elected president was Larry McKinley. Dave Roberts was elected vice-president. Bob Wiener, secretary and Mike Wolak, treasurer.

Tentative plans for the year have been formulated, but no definite commitments will be made until budget allocations are finalized.

Orientation guide Cindy McInnes greets a Lehman senior touring SEC last Thursday.

Refreshment
In these days of all-star teams for everything conceivable, Montage deems it time to recognize the achievements of those fearless Sunday warriors of the SRC gridiron battles.

Montage, through the collaboration of three of its sports-minded staff members, has selected a squad of 14 gridders: seven offensive and seven defensive.

In the offensive grid, Frank Nash of the Gazelles and Gary Bernardo of the bulldogs’ line up at the end positions while the bulldog’s Ron Genetin and the Trojan’s Dave Wertz team at the halftime shots. Un-touchable quarterback Wade Huthmacher takes the snap from teammate Ted Sia or 20 Mule Team’s Ron Haer and Jeff Decker team with safety Ron Prichet of the Untouchables for strong coverage in the secondary.

So there it is, SRC intramural grid battles—first ever Montage Intramural Football All-Star Team.

INTRAMURAL ‘DREAM TEAM’ SELECTED

HONORABLE MENTION
Pat Giatta, Trojans; Kevin Brennan and Ed Trumpeter, Gazelles; Ken Blackburn and Tony Pastora, Tigers; Jim Shafrath and Smokey Stranger, Federal Lanes; Bob Johnson and Bob LeMar, BSU; Denny Interluggi, Bulldogs; Walt Pickens and Bob Porter, Hooterville; Mudstompers; Dan Schilling and Ronnie Moury, Time and Movement.

The Gazelles scored a victory over the Trojans 35-23 and Federal Lanes remained undefeated, evening Time & Movement 27-12.

Picking up forfeit victories were the Bulldogs over the Black Student Union, the Untouchables over the Tigers and the Hooterville Mudstompers over 20 Mule Team. Federal Lanes narrowly defeated the Untouchables 8-7 in a contest held on Nov. 12. Federal Lanes will meet the Untouchables to determine the intramural champion in a game scheduled for Dec. 10.

The game is to be held on the west field behind the HPER Center at 2 p.m.

New Course offered here

Mrs. Kathi Walz, HPER instructor, will be teaching a new course winter quarter.

The course, “Rhythmic Gymnastics with Hand Apparatus,” will be worth one credit hour.

According to Walz this type of gymnastics originated in Europe and is new to the United States.

Open to women only, the course provides a means of keeping physically fit without heavy exercise. Emphasis is placed on rhythm and grace. Walz is the only instructor in Kent State University qualified to teach the course.

The Cobra basketball squad will go into tonight’s game with Kent State University (KSU) - Trumbull campus with a 1-3 record and a game losing streak.

In the season’s first outing the Cobras scored a breathtaking victory over last year’s regional campus, Miami, 63-61, on a last second tip-in by Jerry Rhodes.

Leading scorers for the Cobras were Dave Brown with 12 points and Rick Patshe and Mike Finn with 10.

In their second contest against Bowling Green State University Firelands the Cobras went into the second half leading 36-27 and built to a 20 point lead during the third quarter.

When the final buzzer sounded, however, Firelands had the lead 76-75.

The Cobras shot 38 per cent from the field while Firelands sank 45 per cent of their field goal attempts.

Leading scorers were Rollin Crumrine with 14 points, and John Manning and Tom Thomas with 12.

Scoring 31 points on foul shots, the Ohio University Chillicothe cage squad handed the Cobras their second straight defeat in their first away game on Nov. 25, 93-86.

Four Cobra guards left the game on fouls, Rollin Crumrine, Dave Brown, Rick Patshe and Tom Thomas.

Harry Shane led the Cobras with 23 points (followed by Jeff Stutz with 14, Dave Brown with 14 and Mike Finn with 12. Tom Thomas led in the rebounding department with 8.

The setting moved to KSU Ashland on Dec. 1 as the Cobras extended their losing streak to three games.

The Cobras trailed by 12 points at the half and fought back to within one point with three minutes to go, but lost 79-73.

Scoring leaders for the Cobras were Harry Shane scoring 16 points, Mike Finn, 14 and Jeff Stutz 12. Leading rebounders were Mike Finn with 16 and Tom Thomas with 15.

According to head coach Bob Kistler, the team started the season with a complicated offensive game that they had failed to master. He also admitted that the team is weak defensively.

Kistler planned to simplify the offensive game and place more emphasis on defense during practices this past week.

Despite the teams poor showing thus far, Kistler feels the team has a good chance to do well this year.

He sees the regional campus teams as being fairly even in strength, and said of his Cobras, “We can still end up as the top team in the regional campuses.”

If you transfer to main campus look for . . .

Federal Lanes - Untouchables clash for SRC grid title as season draws to a close

Three forfeits marred last Sunday’s intramural football slate as only four teams competed in the final week of regular season play.

The Gazelles scored a victory over the Trojans 35-23 and Federal Lanes remained undefeated, evening Time & Movement 27-12.

Picking up forfeit victories were the Bulldogs over the Black Student Union, the Untouchables over the Tigers and the Hooterville Mudstompers over 20 Mule Team.

Federal Lanes narrowly defeated the Untouchables 8-7 in a contest held on Nov. 12. Federal Lanes will meet the Untouchables to determine the intramural champion in a game scheduled for Dec. 10.
