Show forth your work to your servants; 
let your glory shine on their children.  
Let the favor of the Lord be upon us: 
give success to the work of our hands.  
Psalm 90

WINTER AND EARLY SPRING SUMMARY
After a crop in 1999 bigger than expected, a mild winter helped avoid major winter damage. The large crop also may leave the vines low in reserve energy, so care and control of pruning tries to keep the 2000 crop below 3 tons per acre. Keeping the crop low is essential for fruitiness and flavor intensity in the wine. With above normal spring temperatures an early bud break seems inevitable. Only cool Lake breezes or cooler Canadian air could hold bud break to about the normal date of April 25. The challenges of each spring are balanced by the hope and joy in the reawakening of the vineyard.

TIM HUBBARD
As many of you already know, Tim Hubbard died on January 14, 2000. In addition to being a partner, Tim was like an older brother. We founded Markko Vineyard in 1968. In the early days we traveled together to Hammondsport, New York to graft vines with Dr. Frank and to learn how to grow vinifera vines. From there we planted the first and second vineyard together. The design and construction of the winery was next. Tim was always an important part of Markko whether he was creating ideas that answered vineyard problems or pouring wines at events like Rabbit Run Theater or Cleveland Symphony Development dinners. For his friends, he carried wine, cider, a loaf of bread, apples or blueberries to share. He met Cissy Cochran at a wine function at the Butler Wick Museum in Youngstown. They courted, married and raised a family: Elizabeth, Polly and Luke. (Tim and Cissy shared a passion for the arts and a strong interest in history. Both families had histories of involvement with the Underground Railroad. The William Hubbard House, now the Hubbard House Underground RR Museum, was an integral part of the escape route from the South to Canada.)

Thanks to all of you for the sympathy and support through all of Tim’s trials. He kept active and engaged in all his activities right to the very last day. He and his family gained strength from your concern and good wishes. Those here at the Vineyard feel the loss more than words can express. We see the same future that he saw and shared with enthusiasm. The goal now is to hold to the course and build on the ideals he nurtured over the last thirty-two years. As he requested we "shed no tears" and remember that "many hands make light work."

**BOB GOTTESMAN**

When Bob Gottesman died last month, Ohio and the Lake Erie appellation lost its leader and father figure. He put together Meiers, the vineyards on North Bass Island (the Isle St. George appellation) and the Firelands group. Then he developed the largest vinifera plantings along Lake Erie. His goal was producing the best of the Lake's potential. It was not easy or profitable. He held the wineries and growers together to win some major political battles, many at his own expense. His grace came with understanding people and supporting their goals while focusing on building a strong and united wine industry. He leaves strong leadership in his companies and a thankful industry. We will miss Bob as the unifier of the Ohio and Lake Erie winegrowers. Our sympathy goes to Muriel, his wife, Ed and Rob Boas, and all his family and friends who feel the loss and sorrow. He showed us the way to a bright future.

**Blessing of the Vines**  
May 27th at 11:00 A.M.

**Perch Fry**  
Hil-Mak Perch fry  
May 27th  
1:00 P.M. to 3:00 P.M.  
$20 per person  
Call for reservations.

Hundreds of flowers in spring;  
the moon in autumn,  
A cool breeze in summer;  
and snow in winter;  
If useless things do not hang in your mind,  
Every season is good season for you.  
-Ekai Mumon
