If I could whisper something soft,
    I'd end it with a kiss.
to belong with such a passion,
    is why the world exists.
If I could tell you that I love you,
    with no complicated risks,
    I'd tell you every hour,
    with more than just my lips.
If I could hold you till forever,
    without a second gone to waste.
I'd hold you till my body dies
    and relish in your taste.

Sometimes it takes awhile
    To recognize a piece of mind
And when you find it, you will see
    It was meant to be, meant to be
Tonight

    Last night, I dreamt of you
    Some things I cannot choose
And when you find me indefinitely
    I’ll see you without me
    And I hope not to care

Bad times I’m walking through
    Bound to me I’m so confused
Nonetheless, I won’t change
    It makes me who I am today
    And I’m not scared
